January 2011

Presidents Message

Hello Everyone! I want to first say a special Thank You to Priscilla and the rest of the board for all the work they have done in the last few years to keep the club moving along!! Thank you for voting me in as your next president, I am working, along with the rest of the board, on making this show season successful and fun for both the members and the club. We have been making contacts with different sponsors, who have donated both money and items to be raffled off. So far, things are looking very promising! We have visited different locations for shows, and are trying to choose grounds that will be both affordable and meet the needs of our members and their horses. The dates of our shows will be solidified by the end of January, at the latest, and we will let you know via our website as soon as they are chosen. We are hoping to have at least one Ride-In and possibly a jackpot show between now and the end of April, another way to get our horses in the pen and warm up a bit before the season begins. Hard to think of right now as we are once again buried under a foot of snow...but it is just around the corner!! I am very lucky to be working with a great board, everyone is working hard to make sure this season runs smoothly and is a prosperous one for ECRA. As plans move forward, we will do our best to keep the members aware of what will be going on this show season with ECRA. Thank you!!

Sincerely,

Tricia Barbato
ECRA President
